Blondes Season's Forgotten Women

Minneapolis, Oct. 15.—(UP)—Blondes are in for a bad winter. Mrs. Sybil Vaughn, chairman of the annual hairdresser's convention, which will bring delegates from five states and Canada to Minneapolis late this month, issued that warning today.

Demonstrations planned for the convention, she said, will feature the new red-brown shades of hair dress, with red heads and brunettes leading the popularity parade.

"It looks very much as if the gorgeous blondes will be this season's forgotten women," Mrs. Vaughn said.

Tame Bear Kills Filling Station Men
Ellsworth, Me., Oct. 15.—(UP)—A supposedly tame bear attacked and killed two men in its cage at a gasoline filling station today.

Those slashed to death by the claws of the animal, a brown bear, were George Langley, 55, proprietor of the filling station, and Langley's helper, James Virtue, 68.

The men were attacked when Langley entered the bear's cage to feed it.

After the deaths of Langley and Virtue the bear was killed with a rifle.

Virtue was killed when he attempted to go to Langley's assistance.

The bears were part of a private zoo which Langley maintained to draw trade to his filling station.

LIQUOR AGAIN PAYS THE STATE
Des Moines, Ia., Oct. 15.—(UP)—The Iowa state liquor control commission today turned over another \$50,000 in profits to the general fund in the Iowa state treasury. The payment brought the total of such revenue to \$850,000.

Mr. and Mrs. Burton Cook and

daughter Fairlene of Arlington visited in the parental Bert Cook home.

Mr. and Mrs. W. C. Wells and family were Saturday shoppers in Oelwein.

School Notes.
Students in the general science class have recently performed experiments to show the force of atmospheric pressure, and in this connection they have made a detailed study of the mercurial and aneroid barometers. A showing of the film "Atmospheric Pressure and Work" completed the study of this unit.

7th and 8th Grade News:
Seventh grade history class on Wednesday was devoted to a study of Fire Prevention. After a thorough discussion of causes and results of fires and ways of prevention, a short play entitled "Too Busy To Be Safe" was given by five of the students.

Most of the seventh arithmetic students made a good score on the first drill in their new workbooks. We are learning how to read electric and gas meters correctly.

Wendell Rieck earned an A plus in his six weeks geography test.

We miss Frances Sarehett in our seventh grade class. She will attend school in Danbury.

The eighth grade geography class will conclude their study of Pasture Lands of the World Monday by making an illustrative booklet. This will contain pictures, graphs, maps and compositions which have been collected, drawn and written during the course of study.

5th and 6th:
In our spelling tests of the 74 hardest words of the six weeks, Betty Sprague, Marjorie Johnson and Marjorie Benter received grades of A.

Two new sets of readers were given to our library by the school. "Joyland in Reading" is a fifth grade book, and "Treasure Chests" is a sixth grade book.

Our citizenship club was started on Monday morning. Harry Hubbell was elected chairman; Clair Binning, secretary; Lowell Mabon, president; and Melvin Puls, vice president. Because our first program isn't till the next meeting in two weeks, Miss Ackley told us about Columbus and why October 12 is celebrated as Columbus Day.

Our fifth grade geography class began the study of the Middle Atlantic States by the use of map study work and drill. Now we are going to spend several days reading about New York City to discover why it is so very large and important.

Grades 3 and 4:
The following pupils had perfect scores in spelling on Friday: Zeita Earle and Leslie Owen in the fourth grade, Mary Lou Arthur, Shirley Butts, Mary Louise Earle, Nayda Mabon, Frank Odekirk and Meta Pfeiffer in the third grade.

Danny Severson was absent on Tuesday and Arthur Frahm was absent on Thursday.

Last week was Fire Prevention Week. The third grade English class wrote sentences telling what we can do to prevent fires. The fourth grade made a booklet of "Fire Stories."

We enjoyed the pictures that were shown in our room on Monday. They were "People Who Live on the Great Plains," "The Adventures of Peter" and a health picture.

Grades 1 and 2:
The second grade pupils are making a poem booklet. Each poem that is enjoyed by the class is copied and put into this booklet.

The following second grade pupils had perfect spelling papers: Marion Snyder, Doris Hanson, Ardath Wilbur, Marilyn Rieck, Joyce Teepe, Edith Leech, John McFadden, Dean Jellings and Mabel Frahm.

The first graders are enjoying stories about Alice and Jerry. Last week, which was Fire Prevention Week, we learned how to prevent fires and what to do in case of fire. Several pictures of fire were brought to school which everyone enjoyed.

In our science class we have been studying about autumn. We are collecting and drying leaves which we will use later for a tree poster.

Mr. and Mrs. Ray Grant and Henrietta Bushman attended the Fayette Co. Rural Letter Carriers annual meeting and supper at Westgate Wednesday night. Mrs. Grant was elected president of the auxiliary after serving one year as vice president and Mr. Grant was reelected president of the carriers organization.

Mr. and Mrs. Ray Grant and

Henrietta Bushman spent Saturday and Sunday in Cedar Rapids, shopping and visiting Mr. Grant's mother, who will leave for California soon.

HELP 15 MILES OF KIDNEY TUBES
To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 Miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of nagging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 Miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Make ECONOMY your GOAL

Team up with PFEIFFER'S and tackle your budget with our low prices. Here you can make economy your goal and feel sure that you'll not be blocked by inferior quality. In every department of PFEIFFER'S you'll score real savings on pharmacy needs of reputable manufacture.
