### Governor Lucas Said: 'I'll Marry Her If She Jumps the Fence!'

Editor's Note: This letter appears just as it did in the New Hampton Courier on August 14, 1919.

man jumped a fence rather than merely climbing it, he became the wife of Iowa's first territorial governor.

General Robert Lucas, first territorial governor of Iowa, was returning from a session of the legislature in Columbus, Ohio, with a friend, some years before he came to Iowa. They passed a farm house. A comely young woman left the house and went toward the barn carrying a milk pail in each hand. She would either have to climb over the fence or let down or jump the bars.

The governor said to his companion that if the young lady sprang over the bars he would marry her. The word was given the deed for she showed her natural spryness by leaping the bars. In due time she became the second wife of General Lucas.

### Horse Importers

1885—We learn from the Lawton Dispatch, Shickler & Co., famous importers and dealers of fine stallions of Lawton, two weeks ago sold four fine imported stallions. One was a three-year old Belgian, which went to Peter Tyson of Myre, Ia. A buyer from Sibley took the other—a year old gray Percheron.

Shickler has done much to raise the standard of horses in this county, and in fact, the whole country.

### Hold On John!

1876—HOLD ON JOHN! Where did you get them stylish boots, why I've never seen such a got up boot before. His got stars and moons all over the top! Well, James, that's the Continental Boot; it's a better boot, and nicer looking, and cost less than any boots I got before in this town, you will find them at Block's opposite Courier office.

Mr. Stocks has their thanks for his care and kindness.

It is with sadness that we chronicle the death of little Frankie, only son of Mr. and Mrs. Fitzgerald. He was usually well until last Friday when scarlet fever became apparent and on Sunday the little sufferer was relieved by death and his spotless soul took its flight to the fair realms of eternal day.
