### ASPHALT WAS SPONGY

**HOUSE MOVING TRUCKS AND ENGINE WHEELS SANK IN DEEP ON FRANKLIN STREET.**

**PROGRESS WAS STOPPED**

House Movers Are Required to Obtain Permits From Street and Alley Committee.

Residents on Franklin street made complaint last night because a house was being moved over the asphalt pavement in the vicinity of Second street. Property owners abutting the street stated that the rollers of the house-moving apparatus were sinking deep into the paving which had been rendered soft by the intense heat and that they feared it would be permanently damaged. A traction engine had also been moved over the street crossing and the ridges of the wheels had cut almost through the wearing surface.

There is no ordinance governing heavy traffic over asphalt paved streets, but provision is made that house-movers must secure a permit from the street and alley committee before passing over such highways. Teamsters are supposed to use judgment and common sense in driving heavy loads over the pavement. The heat has been so intense the last few days that the asphalt was soft. The route of the house-movers left a deep trail. The superintendent of the work ordered the progress of the engine stopped before it had gone the length of itself.

Arrangements were in progress last night between officials of the Barber company and the house-movers for the loan of their big roller to be used as motive power as soon as the paving became hard enough to bear the weight of the house. No permit had been obtained last night, but this morning matters were satisfactorily adjusted.

Last year several applications to take houses over the asphalt paving were received. In some instances the street was planked and marring of the pavement was avoided in that manner. About a year ago the council empowered the street and alley committee to look after applications of house-movers to use streets paved with asphalt. Permits are issued by the city clerk upon recommendation of that committee.

**Must Repair Paving.**

Notices are being mailed today by City Engineer C. T. Wilson to plumbers, the gas company, water company and others who have laid mains or torn up paving during the last year, to replace all paving in as good condition as it was before the streets were disturbed or the city would recover on their bond. One year ago the council passed an ordinance requiring those who disturbed the paving to give bonds as a guarantee that the pavement would be replaced and be kept in as good condition for one year as it was prior to being taken up. In several instances the plumbers and others will be required to replace the paving and notices are being mailed today. Hereafter notices will be sent out each month to those who did any work.

A meeting of the East Waterloo school board was held Tuesday afternoon at the office of Secretary H. B. White. There was but little business of importance aside from the allowance of bills. President A. J. Edwards of the board was kept busy for nearly an hour signing the contracts of the teachers for next year. Practically all of the teachers for the coming school year have been employed. There are one or two positions on which a definite decision has not yet been made. Superintendent H. H. Savage is getting his work in proper condition for next year.

County Auditor J. J. Rainbow today received the 52 cards of enumeration of Washington township which were copied at the request of the secretary of the executive council of the state because of the loss of the original. They were sent in immediately to the state department. This is the last installment to be returned from this county. The package which was lost or broken in transit contained cards from the second ward in Waterloo, from Eagle and Washington townships. The cards from the other two have been returned.

### ANNOUNCEMENTS

West Waterloo Lodge, No. 1,115—Will meet in regular session on Wednesday night. Secretary.

The Ladies of Linden Chapel Circle—Will have a special called meeting at close of prayer meeting, Wednesday evening. A vote will be taken on a matter of importance.

Lee Division—There will be a regular meeting of Lee Division No. 3, U. R. K. O. T. M., at Eagles hall Wednesday evening, July 19, to complete arrangements for the state encampment to be held at Waverly August 8, 9 and 10, and also for the state picnic on August 10. Large attendance is desired to practice drilling. Every one is urged to be present, so the region may plan to go in a body to attend the encampment to be held at Waverly on said dates instead of Aug. 1, 2 and 3 as stated in the Bee Hive.

**Notice to Horsemen.**

Local horsemen who expect to participate in the amateur races at Home Park during the coming race meet are requested to meet at the office of P. W. Belangee, in the Russell-Lamson building, Saturday evening.

Doctors D. W. Crouse and H. Bailey returned this morning from Oelwein where they had been in attendance yesterday at the Austin Flint and Cedar Valley medical society's annual meeting. Other members of the profession from Waterloo who were present, but remained for the session today are, E. R. Shannon, J. E. O'Keefe, W. B. Small, E. J. Wadley. At one meeting yesterday, Dr. Shannon read a paper on intestinal nephritis or inflammation of the kidneys, and Dr. O'Keefe contributed to the program a paper on infectious osteomyelitis or inflammation of the bones. A banquet was held last night in the basement of the Christian church.

Miss Ella Mabee of Minneapolis arrived last night and will remain a few days at Chautauqua as guest of Mrs. H. M. Dewar, who is living at Cedar River park.

### COLLEGE GRADUATION

**CLASS OF NINETEEN GAVE PROOF OF ABILITY TO AUDIENCE AT CEDAR RIVER PARK.**

**PASSED IN MANY TESTS**

Commencement Day Closed With Annual Banquet and Reunion at Sans Souci Hotel.

The commencement exercises of the Waterloo Business college at Cedar River park yesterday afternoon and evening were interfered with by the rain. There were not as many at the program in the evening as had been expected, but the tests and programs of regular school work carried on before the audience were very interesting and brought forth many words of praise for both teachers and graduates.

The program in the afternoon consisted of tests on the typewriter and in arithmetic and short hand work. The members of the class, nineteen in number, occupied the platform, and all of the work was done in view of the audience. The scheme to hold the commencement exercises in the park was a novel one, but the exhibition of school work before the audience was more novel and was a test that was valuable to the young men and women who are just leaving school to take up positions in business life.

**Scene in Big Office.**

The tabernacle was turned into a large office for the time being as Miss Horner took charge of the large class of nineteen stenographers, she dictating and they taking her words on the machines. It is unusual for a stenographer to take dictation direct to the machine, and when nineteen machines are all running at once the task becomes more difficult. This work was done almost to perfection, and the papers were passed out in the audience for inspection. Contests for speed were given. In this Miss Sadie DeWitt wrote 110 words a minute and Frank Federspiel 104. Exhibitions were given with the stenographers blindfolded, showing how familiar the students become with the machines they operate. The contests in rapid calculation were conducted by Prof. G. W. Weatherly.

**Alumni Banquet at Sans Souci.**

The closing of the day's program was the annual alumni banquet at Sans Souci hotel, in which about all of the members of the class and a number of old students took part. Toasts were given and the evening was spent in a very enjoyable way, much as a reunion by many who attended the school in former years and are now employed in lines in different cities. Miss Cora Law, who is employed in a bank at Hannah, North Dakota, and Edward H. Busching, both members of the 1905 class, were not present.

**Old Students at Banquet.**

Among the old students at the banquet were the following: Miss Knotts, of Waverly, who is visiting with Miss Maud and Lois Cass. Miss Sarah Inger, of Waverly. Mrs. Stanley and Mrs. Wall, of Shell Rock, attended the commencement. Mrs. Stanley is mother of Carl Stanley, member of the class. August Kampmeier, cashier of one of the banks in Tripoli. A. C. Anton, Laporte. Joe Kinney, Shady Grove.

**New Souvenir Spoons...LUDWIG.** 226 West Fourth street.

**Spilled Her Beauty.**

Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Salt Rheum or Eczema for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. 25c at Wangler Bros. & Todd's drug store. ed-1-3-1

When bilious take Chamberlain's Stomach and Liver Tablets. For sale by all druggists. cod-8-1

**Headquarters for good things to eat.** C. H. EIGHMEY GROCERY.

Mr. and Mrs. Joe King of Raymond are visiting at the home of Mr. and Mrs. J. P. King and attending Chautauqua.

### IN THE SHADOW OF THE SHOPS

Engineers Si Willy and Al Smith of Iowa Falls are visiting friends in this city.

Mrs. Walla, wife of Machinist Walla, has arrived here to make Waterloo their future home.

Boilermaker John McGuire of Nebraska has taken a position in the shops here.

Henry Bombach, who has been employed in the Cherokee shops, has arrived in this city and commenced work in the Central shops.

Machinist Harry Wise is confined to his home by sickness.

Maurice A. Welsh, of Chicago, special agent for the Illinois Central, was in the city today enroute to Fort Dodge to look after business matters. He reports his father, M. Welsh, is getting along in fine shape in his responsible position as chief of the Illinois Central detective agency.

Two telegraphic instruments were burned out last night in the Illinois Central depot at Cedar Falls. The damage was caused by lightning. Harry Bloom, the Illinois Central electrician, remedied the difficulty this morning.

It will bring rich, red blood, firm flesh and muscle. That's what Hollister's Rocky Mountain Tea will do. Taken this month, keeps you well all summer. 35 cents, Tea or Tablets. Wangler Bros. & Todd. ed-7-25

**Reporters for Chautauquans.**

The Daily Reporter will have a representative on the Chautauqua ground at Welty's book store every afternoon during the session, who will be glad to take items of interest and to meet friends from out of the city. Copies of the paper may be had at the book store or may be purchased of the boys on the grounds.

Chautauqua visitors are also cordially invited to visit the Reporter office at any time while in the city.

### The Secret of Good Coffee

Even the best housekeepers cannot make a good cup of coffee without good material. Dirty, adulterated and queerly blended coffee such as unscrupulous dealers shovel over their counters won't do. But take the pure, clean, natural flavored **LION COFFEE**, the leader of all package coffees—the coffee that for over a quarter of a century has been daily welcomed in millions of homes—and you will make a drink fit for a king in this way:

#### HOW TO MAKE GOOD COFFEE.

Use LION COFFEE, because to get best results you must use the best coffee. Grind your LION COFFEE rather fine. Use "a tablespoonful to each cup, and one extra for the pot." First mix it with a little cold water, enough to make a thick paste, and add white of an egg (if egg is to be used as a sweetener), then follow one of the following rules:

1. **WITH BOILING WATER.** Add boiling water, and let it boil THREE MINUTES ONLY. Add a little cold water and set aside five minutes to settle. Serve promptly.
2. **WITH COLD WATER.** Add your cold water to the paste and bring it to a boil. Then set aside, add a little cold water, and in five minutes it's ready to serve.

**3** (Don't boil it too long. Don't let it stand more than ten minutes before serving. Don't use water that has been boiled before.)

#### TWO WAYS TO SETTLE COFFEE.

1. With Egg. The part of the white of an egg, mixing it with the ground LION COFFEE before boiling.
2. With Cold Water instead of eggs. After boiling add a dash of cold water, and set aside for eight or ten minutes, then serve through a strainer.

**Insist on getting a package of genuine LION COFFEE, prepare it according to this recipe and you will only use LION COFFEE in future.** (Sold only in 1 lb. sealed packages.) (Lion-head on every package.) (Save these Lion-heads for valuable premiums.)

**SOLD BY GROCERS EVERYWHERE**  
WOOLSON SPICE CO., Toledo, Ohio.

"What...remarkably...clean...streets they have in Waterloo," said a lady to her husband as she walked down town shortly after alighting from a Great Western train. "In all our travels I don't believe I've seen streets in better or cleaner condition." "That's easily accounted for," rejoined the husband as they passed one of the street cleaners at his work. "They have these white clothed men in all sections of the city, who do nothing but keep the paving in a clean and sanitary condition. When we determine to settle down, this is the town we will live in."

**New Souvenir Spoons...LUDWIG.** 226 West Fourth street.

Jim Dodson, who broke his leg recently in a fall down cellar in a saloon, is improving very nicely. The bandages and splints were changed today and the bone gives evidence of knitting satisfactorily.

**CHANGED HUSBAND.**

**Wife Made Wise Change in Food.**

Change of diet is the only way to really cure stomach and bowel trouble. "A woman says

"My husband had dyspepsia when we were married and had suffered from it for several years. It was almost impossible to find anything that he could eat without bad results.

"I thought this was largely due to the use of coffee and persuaded him to discontinue it. He did so, and began to drink Postum Food Coffee. This change did him good from the beginning, his digestion improved, he suffered much less from his nervousness, and when he added Grape-Nuts food to his diet he was soon entirely cured.

"My friend, Mrs. \_\_\_\_\_ of Vicksburg, (my former home) had become a nervous wreck also from dyspepsia. Medicines had no effect, neither did travel help her. On my last visit home, some months ago, I persuaded her to use Grape-Nuts food. She was in despair, and consented. She stuck to it until it restored her health so completely that she is now the most enthusiastic friend of Grape-Nuts that I ever knew. She eats it with cream or dry, just as it comes from the package—keeps it in her room and eats it whenever she feels like it.

"I began eating Grape-Nuts food, myself, when my baby was two months old, and I don't know what I should have done without it. My appetite was gone, I was weak and nervous and afforded but very little nourishment for the child. The Grape-Nuts food, of which I spongered very fond, speedily set all this right again, and the baby grew healthful, rosy and beautiful as a mother could wish. He is two years old now and eats Grape-Nuts food himself. I wish every tired young mother knew of the good that Grape-Nuts would do her."

Names given by Postum Co., Battle Creek, Mich.

There's a reason.

**RECORD BROKEN EVERY DAY**

Mr. Daniel Leyh, Representative of Col. Dillingham, Sets a New Pace Every 24 Hours in Selling Medicines.

Yesterday was another record breaking day for the lecturer, philanthropist and advertiser, Colonel Dillingham, and his company, operating in this city. All day a line of people visited the headquarters on Fourth street near I. C. shops, and while in many cases relief was sought by the personal assistance of Colonel Dillingham or one of his assistants, yet most of them purchased quantities of the remedies for home use and for neighbors who could not get out.

Some remarkable cures were effected during the day. One gentleman, who occupies an important clerical position and who does constant writing with a pen, had become badly affected with a cramping of the finger joints and was hardly able to perform his work. He bought a bottle of Plant Juice Liniment, and with two applications declared that the pains and stiffness of the joints had entirely left his hand and he was able to do his work now without the least discomfort.

Yesterday Mr. P. J. Mary, a popular tailor opposite the I. C. shops came to Mr. Daniel Leyh and said for the benefit of the rest of the people of Waterloo I want you to make this statement through the papers. My son had been suffering with growing pains and could hardly rest at night. We used your Plant Juice Liniment on him and it has made a cure of him and I want you to tell my friends of it. This is only one of the many cases that come to the notice of the great Plant Juice Medicine company every day.

The mail order business is getting to be one of the big features of the stay of Colonel Dillingham in this city, and it has been necessary to organize a regular department for that feature of the business. Dozens of letters are being received every day from people who have heard of the wonderful remedies.

Mr. N. C. Watts, who has charge of this department, says he receives from 12 to 20 letters every day with the request to send 1 to 3 bottles of Plant Juice Medicine or Plant Juice Liniment. Whenever the money accompanies the order we send it express, prepaid. These remedies can be obtained at C. L. McDermott's and C. W. Bitner's drug stores and this company will give their big vaudeville show each night this week on Fourth street near I. C. shops.
