

# Submarine Warfare Strikes Blow to British Commerce

## NAZIS REPORT 50,000 TAKEN

### Declare Polish Forces North of Lodz Crushed in Big Victory

BERLIN, (AP)—A high command communique said Tuesday the German army had been victorious in one of the biggest battles of the eastern campaign and had crushed the Polish forces north of Lodz.

In ending the six-day battle, the communique said, 50,000 prisoners had been taken, along with "immense booty." Losses on both sides were believed to be heavy. (Lodz is about 75 miles southwest of Warsaw).

## 25 Americans Who Were Halted at Sea by Sub Reach U. S.

PHILADELPHIA, (AP)—Twenty-five Americans who arrived here Tuesday aboard the freighter Ardis described being halted at sea by a German submarine and seeing a burning oil tanker become a victim of an underwater attack.

The American freighter made a 12-day crossing from Cardiff, Wales.

"The tanker seemed to follow us for about seven or eight hours," said Mrs. Louise Kling of Philadelphia. "We were frightened. Then at dusk on the second day a German submarine dived up alongside of us. Everybody was petrified, but there was no panic."

The freighter's skipper, Capt. Thomas N. Lewis, stopped the vessel and after being halted by the U-boat commander, the Ardis was permitted to continue.

Other Americans aboard the freighter included William and

## 1,110 Laws on Lives, Loves and Habits of Californians in Effect

### SACRAMENTO, Cal., (AP)—More than 1,100 new laws incorporating the 1939 legislature's ideas for regulating the lives, loves and habits of Californians went into effect Tuesday.

There are laws for couples in love and couples who used to be for men with jobs and men who drink too much and persons who talk too much.

One new law requires a physician's certificate that the applicant for a marriage license be free from communicable syphilis.

Another requires prenatal examinations for syphilis.

A new deal for the marriage institution provides that if there are minor children involved in a divorce action the state can make an effort to conciliate the dispute. The plan is based on the idea of Los Angeles Superior Court Judge Ben Lindsay, famed for his juvenile work.

Two persons who drink too much here is a measure establishing state isolation and rehabilitation clinics.

Two men who love unwisely the legislature abolished civil damage suits for breach of promise of affection.

## TRACTOR BREAKS GAS PIPELINE

### 3 Fire Departments Battle Blaze; No Injuries Reported

SHEWANBOURNE, (AP)—A road tractor struck a natural gas pipeline near Nyrman, Iowa, Tuesday, causing a natural gas conflagration which three fire departments battled to bring under control.

Flaming debris cleared the trench line leading to Shewanbourne street off.

Joe McCord, road worker, was blown unharmed from the tractor in an explosion following contact of the machine with the pipeline, officials said. The tractor, valued at \$2,000, was destroyed by fire.

## Minneapolis May Not Follow Stassen But F. R. on Thanksgiving

MINNEAPOLIS, (AP)—Thanksgiving day in the state of Minnesota may be only another Thursday in Minneapolis, if the city council acts favorably upon a resolution introduced Tuesday.

In spite of the fact that Gov. Harold E. Stassen has designated Nov. 30 as Thanksgiving day in Minnesota, Alderman Eric Hoyer and W. G. Finelli filed a resolution designating Nov. 29 as Thanksgiving. The aldermen said they favored the same holiday as proclaimed by President Roosevelt for the purposes of "unity."

The resolution will be considered at a council meeting Sept. 29.

When you buy 50 cents for a meal, you pay 35 cents for water, about 10 to 15 per cent water, while quantities for one example, are nearly all water.

## FRYE CONTEMPT ACTION PENDING

### Mrs. Frances Repp Files Divorce Suit Against S. A. Repp

Giles Frye has been ordered to appear in district court here Sept. 30, and show cause why he should not be declared in contempt of court for failure to contribute to the support of his daughter and son now living with his divorced wife, Marian Frye of Minneapolis, Minn.

According to the affidavit filed by Marian Frye, the couple were divorced March 9, 1934, and the divorce ordered Mr. Frye to pay \$25 a month for the support of the two children. It is claimed in the affidavit that \$2,275 is due in back payments.

In another petition on file in the district court Tuesday, Mrs. Frances D. Repp sued Stanley A. Repp for divorce on grounds of failure to support the family.

The couple was married in Missouri on Nov. 27, 1931. Mrs. Repp also asks for custody of their 6-year old daughter.

## Mrs. Alice M. Brown Fractures Right Hip in Fall From Step

Mrs. Alice M. Brown, mother of Mrs. William H. Hathorn, 303 Louisiana avenue southeast, was moved by ambulance from the hospital at Cresco to the Park hospital in Mason City Tuesday afternoon.

Mrs. Brown fractured her right hip Sunday night when she fell on a restaurant step in Fort Atkinson. In company with Mr. and Mrs. Hathorn, she had visited the power plant at Fort Atkinson during the day.

X-ray pictures were taken at the fracture at Cresco and it was decided to wait 48 hours before setting the fracture. Mrs. Hathorn

## Boy Blinded by Air Bomb

This Central Press photograph, passed by Polish and British censors, shows Warsaw police leading a boy, blinded by the explosion of an air bomb, through the streets of the beleaguered Polish capital.

The gray waters of the sea—submarines—since saved proved the waterways of the world and their chief prey, British ocean commerce, is beginning to feel the effects of their devastation. Following the sinking of the passenger steamer, Athens, off the Hebrides, British freighter and the aircraft carrier Courageous have been struck and sent to the bottom. Above are various views of the new German U-boat fleet. The Central Press map, above, shows where the first victims of submarine warfare went down.

# Major Battle in West Expected

## Non-Musical Cabman Directs Dance Band

NEW ORLEANS, (AP)—Frank (Val) Bourque makes a living out of cabs and cabmen without being able to read music and without being classed as a singing cabdriver.

Here's how he does it:

During the day he forsakes music entirely, with the exception of an occasional street on the whistle he uses to call cabs. He works as a cab driver—from 8 a. m. to 3 p. m.

After dark, Bourque directs his dance band. He doesn't know anything about music personally, but he knows there's money in dance bands.

## Hard Rain Is Fatal to Hundreds of Birds

WINNIPEG, Man., (AP)—Hundreds of tiny sparrows were victims of a violent rain storm in Winnipeg during which 139 inches of rain fell in less than three hours.

Street cleaners were kept busy in one street after the storm, clearing away more than 300 of the birds which had been washed to the ground from a tree in which they had taken shelter. In other parts of the city scores of the tiny birds were found, beaten to the ground by the terrific rain and wind when they were caught away from shelter.

## British Troops Move Into Position in Maginot Line Area

PARIS, (AP)—France and Britain strengthened their war line on the western front Tuesday in anticipation of a major battle as soon as German reinforcements are rushed back from Poland.

Enter of red armies from Russia into east-battered Poland was viewed here as speeding the task of German divisions in the east and making more men and equipment available for defense of the west wall.

French reports said nation's colonial troops—Senegalese, Algerians, Tunisians, Moroccan, Tunisian, Annamese and Cambodians—were mobilized fully and ready to bolster the French attack.

The number of colonial troops was described as considerably in excess of the total of effective fighting men called to the color from the empire during the World war.

In the regular morning communique, the French general staff announced receipt of a latest German attack, launched during the night "in the region east of the Saar river."

The communique did not specify where the fighting took place, but it was believed to be an abandoned region north of Luxembourg, where French and German forces have fought numerous minor engagements.

British troops were said to have moved into position in the area of France's Maginot line between Luxembourg to the east defense works.

Reinforcement of the French staff, which is coming up steadily from the sea through British, Belgian, Dutch and the crumbling concrete works of Germany's old Hindenburg line.

Meanwhile, belief was expressed that Berlin would aim a diplomatic campaign at each neutral country in Belgium, the Netherlands, Romania, and the Balkan region.

There was a feeling here, that Germany which the French say is not in a position to afford a long war, would strike hard in the west—perhaps even through neutral Italy—according to some observers.

Obviously, France apparently is decided to avoid the full significance of the Russian invasion of Poland before making any denouement.

The price continued to attack what it termed Soviet "brutality and treason to peace."

"MOVED HER DOWN"

Timothy Egan of near Harvard made her of Shirley B. Clifton's favorite expression for one of the "moved down" Mrs. Egan was behind a business operation among some young trees, so she was a moving operation. She was a tree, and she was moved out of the way of the power line. The noble sought her left leg, and it to the home. She is recovering at a St. Mary's Hospital.

## NAZI TROOPS LEAVE POLAND

ST. PETER, Minn., (AP)—Twenty-five Lutheran colleges will send representatives to the fifth annual Lutheran faculty conference at Gustavus Adolphus college here Sept. 29 to Oct. 1, it was announced Tuesday.

Among the speakers will be Dr. Conrad Bergendoff, Augustana college, Rock Island, Ill.; Prof. Albert A. Arndt, Wartburg college, Waverly, Iowa; and Dr. B. St. Charles, Augsburg college, Minneapolis.

Prof. W. F. Schmidt, Concordia college, Moorhead, Minn., will deliver the sermon at the Sunday morning worship service.

ANDERSON DEMANDS SPEED—KINNICK BREAKS SPEED LAW

OWA CITY, (AP)—Coach Eddie Anderson's demands for more speed from his University of Iowa football squad Tuesday showed signs of taking bite—at least on Kille Kinnick, his star left half-back.

Kinnick's driver's license was suspended for 15 days by the local police department, where he was clocked at 40 miles an hour—during a 75 mile an hour speed zone. It was his first offense, police said.

## Anderson Demands Speed—Kinnick Breaks Speed Law

FRYER REPORTS

FRYER reports said nation's colonial troops—Senegalese, Algerians, Tunisians, Moroccan, Tunisian, Annamese and Cambodians—were mobilized fully and ready to bolster the French attack.

Come one! Come all! to the PYREX WARE BIRTHDAY PARTY

I DIDN'T KNOW PYREX OVERWARE PRICES WERE LOW 33% TO 50%

YES, I'M STOCKING UP FOR GIFTS AND SHOWERS

AND LOOK at these exciting new Pyrexware sets! They're the new Pyrexware sets! They're the new Pyrexware sets! They're the new Pyrexware sets!

CHERRY COMBINATION. Here's a dinner set with Pyrexware effect! One 10 1/2" plate, 10 1/2" bowl, 10 1/2" cup, 10 1/2" saucer, 10 1/2" plate, 10 1/2" bowl, 10 1/2" cup, 10 1/2" saucer. Would have been \$3.99. Now only \$2.99. 33% to 50% reduction, now only \$2.99.
